Summer Camp

July 25-29, 2011

Middle School Survival Skills

The **Middle School years** are some of the most exciting times of our lives! New friends, a more sophisticated schedule, sports teams, activities -- these are only a few of the rites of passage our Creekers are about to experience.

Increased personal responsibility for homework, note-taking, writing papers and lab reports gives new importance to organization and time-management skills. Understanding what changes lie ahead and developing strategies to meet these changes helps lead to success.

In Middle School Survival Camp, students entering Middle School can begin to discover which type of learner they are and fine tune the skills necessary to succeed at ICS. Each student will discover tips and tricks about writing an outline, taking notes, writing papers and being organized with a plan book, a schedule of projects, and the time management skills that work best for him or her, all in a fun, exciting, summer camp atmosphere where there is no end to the laughs that will be shared with future classmates.

Success is not all about academics. Survival camp is an opportunity to make friends, learn the “ins and outs” of life at the Creek, navigate through our Evergreen and Upper School campuses, set up an organized locker, and create a perfect study environment. These activities all help your student build the confidence necessary for a successful middle school experience.

In camp, our new middle-schoolers will learn what it means to be a team player, a class leader, and a valued and valuable member of the Indian Creek School community. Here we ask, “Is it true? Is it kind? Is it necessary?” in learning to interact with others.

Middle School Survival Camp 2011 will be held the week of July 25-29 at the Indian Creek School Evergreen Campus, located at 680 Evergreen Road, in Crownsville. Camp hours are from 9:00 a.m. - 3:00 p.m. Camp is open to the first thirty applicants on a first come, first served basis.
